Activity Overview

Air Quality

Air Quality - 05300124

Pioneer Metal Finishing

Status: Active

If a facility generates air pollutants during operation of its business, it may need an air quality permit, which helps to minimize these pollutants by establishing limits, operating requirements and monitoring.

Events

Event	Start	End
Option D Issuance	09/25/1995	05/05/2055

Hazardous Waste

Hazardous Waste - MND045397965 - Large quantity generator

Pioneer Metal Finishing

Status: Active

Hazardous waste includes substances that are corrosive, explosive, toxic and-or fire hazards. A Large Quantity Generator produces 2,200 pounds or more of hazardous waste per calendar month. Businesses in this classification require a license.

Investigation and Cleanup

Brownfields - VP5642 - Voluntary Investigation and Cleanup

Pioneer Metal Finishing

Status: Inactive

Brownfields are potentially contaminated sites where the MPCA is helping buyers, sellers, developers or local governments to voluntarily investigate and clean up land for sale, financing or redevelopment. Sites may be petroleum brownfields, non-petroleum brownfields, or both. Non-petroleum brownfields are called Voluntary Investigation and Cleanup sites.

Superfund - SR0001416 - Superfund Program Non-listed Sites

Pioneer Metal Finishing

Status: Active

Superfund program non-listed sites are properties with identified releases of hazardous substances and are actively managed by Superfund program staff. Some of these sites may be pending listing on the Minnesota Permanent List of Priorities (the State Superfund list) and/or the National Priority List (the Federal Superfund list), and some voluntary sites forego listing but are required to meet all investigation and cleanup criteria of State Superfund sites.

Pollution Prevention

Toxics Reduction - TR-gen

Pioneer Metal Finishing

Status:

The federal toxics release inventory (TRI) tracks the management of certain toxic chemicals. In Minnesota, facilities reporting toxic chemical releases are required to pay pollution prevention fees to the MPCA. These fees are also assessed to hazardous waste large quantity generators.

Events
